

Specializing in
law office automation

Centrally located in downtown Rochester, [goodhand computing solutions](#) has been working with law firms in the western New York area since 1994, providing consultation, sales, training and

technical support for various law office applications. Our goal is to help you create a more productive and manageable work environment.

Whether your firm is large or small, our consultants can help you make an informed decision as to which software will best suit your needs. Looking for a particular application, such as practice management, time and billing, or document automation, or a combination of these that can integrate with each other, [goodhand computing solutions](#) can provide a solution, as well as discounted prices on most software.

For more information about our products and services or to schedule a free demonstration, please call [585-546-5060](tel:585-546-5060) or send an e-mail to info@goodhandcomputing.com, or visit our web site at www.goodhandcomputing.com.

goodhand computing solutions will **sell, install** and **customize** the following software products for your firm.

Time, Billing & Accounting

Timeslips®, Billing Matters™, PCLaw® and QuickBooks®

Practice Management

Amicus Attorney® and Time Matters®

Document Automation/ Document Management

Amicus Assembly® (GhostFill®), HotDocs®, Worldox®, Microsoft Word® and Corel® WordPerfect®

We also provide **training**, either at your location or at our training facility in downtown Rochester.

Accessible and personalized **technical support** is available by phone or office visit to help solve problems that may arise and to keep your office running smoothly.

Also check our web site, or e-mail us, for a schedule of upcoming public classes.

Utilize our **document automation services** to turn the documents you use everyday into automated, interactive templates.

goodhand computing solutions will transform any word processing file into an interactive template by replacing the changeable text with variables. The next time you want to generate that document, the template will prompt you for information and place the finished, customized document back in your word processor.

Ask about our additional services including **data conversion** and **data entry**.

Let **goodhand computing solutions** help you make the most of your time and money.
